

RENUKADAS DONGARE

Oracle PL/SQL Developer | Database Engineer | Financial Systems Specialist

dongarerenukadas2151@gmail.com | +91-8698869944 | Pune, Maharashtra | [linkedin.com/in/redukadasdongare](https://www.linkedin.com/in/redukadasdongare)

PROFESSIONAL SUMMARY

Results-driven **Oracle PL/SQL Developer** with **4.4 years of experience** in database design, development, and optimization for large-scale **financial systems**. Proven expertise in Oracle SQL, PL/SQL programming, stored procedures, packages, triggers, views, materialized views, cursors, scheduler jobs, and performance tuning. Solid understanding of **data modelling, Crystal Reports, and Business Intelligence**. Experienced across full **Agile/SDLC** lifecycle with strong command of code versioning tools and cross-functional collaboration. Consistently recognized for exceptional delivery, zero-defect deployments, and measurable performance improvements.

TECHNICAL SKILLS & COMPETENCIES

Programming Languages	PL/SQL (Advanced) • Oracle SQL • VB.Net (Visual Basic 12 & 19) • Python
PL/SQL Components	Stored Procedures • Functions • Packages & Package Bodies • Cursors (Explicit / Implicit / REF) • Triggers (Row / Statement / DDL / DML) • Views & Materialized Views • Scheduler Jobs (DBMS_SCHEDULER) • Collections & Bulk Operations • Dynamic SQL (EXECUTE IMMEDIATE) • Exception Handling • Sequences • Synonyms • Database Links
Database & Tools	Oracle Database • SQL Developer • Toad • SAP Crystal Reports • Beyond Compare • Edit++ • Tortoise SVN • Visual Studio 12 & 19
Data Analysis & Visualization	Microsoft Power BI Desktop • Excel (Advanced) • PowerPoint • Crystal Reports (PDF & CSV Automation) • Data Visualization • Business Intelligence
Database Skills	Database Management • Performance Tuning & Query Optimization • Index Optimization • Partitioning • Data Modeling • Report Generation & Customization • Data Reconciliation
Methodologies & Practices	Agile Methodology • Software Development Life Cycle (SDLC) • Code Review • Unit Testing • System Integration Testing • Production Support
Soft Skills	Strong Analytical & Communication Skills • Team Collaboration • Strategic Thinking • Creative Problem Solving • Interpersonal Skills • Cooperative • Conscientious • Good Listener

PROFESSIONAL EXPERIENCE

Tata Consultancy Services (TCS) — Pune, Maharashtra

Role: **PL/SQL Developer** | February 2022 – Present (4.4 Years)

Project: The Clearing Corporation of India Ltd (CCIL) — Financial Sector

Tech Stack: PL/SQL, Oracle SQL, Oracle Database, Crystal Reports, VB.Net 12/19, Toad, SQL Developer, Tortoise SVN, Beyond Compare, Edit++

- Led end-to-end design, development, and maintenance of two mission-critical financial systems — **Forex Settlement System** and **Trade Repository** — following Agile methodology and complete SDLC.
- Designed and implemented **100+ Oracle PL/SQL components** including Packages, Stored Procedures, Functions, Cursors, Triggers, Views, Materialized Views, Scheduler Jobs, Collections, Bulk Operations, Dynamic SQL, Exception Handlers, Sequences, Synonyms, and Database Links.
- Performed **SQL query tuning and performance optimization** using execution plans, index strategies, and partitioning — achieving a **15% reduction** in query execution time.
- Automated operational workflows using **Oracle Scheduler Jobs (DBMS_SCHEDULER)**, reducing manual intervention by **20%** and enhancing process efficiency.
- Automated **data reconciliation** across multiple systems, ensuring **100% data accuracy and integrity** in high-volume financial transactions.
- Implemented **robust exception handling, data validation, and PL/SQL logic**, improving data accuracy by **25%** and enhancing application reliability.

- Designed and integrated **Crystal Reports** for automated PDF and CSV report generation, improving reporting efficiency for business stakeholders.
- Provided **production support**, resolving **10+ critical issues monthly**, improving system stability and minimizing downtime.
- Collaborated with cross-functional teams and business analysts to gather requirements, analyse issues, and deliver user-centric database solutions.
- Supported **unit testing, system integration testing, and code reviews**, ensuring quality standards and **zero-defect deployments**.

CERTIFICATIONS & CREDENTIALS

- **Oracle Cloud Infrastructure 2023 AI Certified** — Oracle
- **Oracle Database SQL Certified Associate** — Oracle
- **Microsoft Certified: Power BI Data Analyst Associate** — Microsoft
- **Oracle Database PL/SQL Developer Associate** — Udemy
- **The Complete Oracle SQL Certification Course** — Udemy
- **Power BI — Data Visualization & Business Intelligence** — Udemy
- **SQL Basic / Intermediate / Advanced** — HackerRank
- **AWS: Enterprise Security** — LinkedIn Learning
- **Oracle Database 12c: Basic SQL** — LinkedIn Learning
- **SAP Material Management** — LinkedIn Learning

EDUCATION

Bachelor of Engineering	Savitribai Phule Pune University, Pune	2020
Diploma in Engineering	Maharashtra State Board of Technical Education, Pune	2017
HSC / Board of Education	Maharashtra State Board of Secondary & Higher Secondary Education, Pune	2014

AWARDS & RECOGNITION

On-The-Spot Award: Tata Consultancy Services Ltd — Recognized for outstanding performance and rapid delivery.

Accelerate Warrior Award: TCS — Exceptional delivery of a critical Change Request within a short timeframe with zero production issues.

Special Initiative Award: TCS — Acknowledged for outstanding organizational contribution, dedication, and exceptional performance.
